November 6, 2018

Gary Park, MPA
President
University of North Carolina Hospitals
101 Manning Dr.
Chapel Hill, NC 27514

Dear President Park:

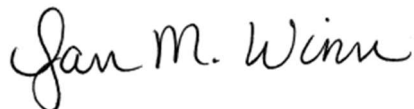

On October 6, 2017, the nuclear medicine technology program sponsored by University of North Carolina Hospitals received continued accreditation for two years from the Joint Review Committee on Educational Programs in Nuclear Medicine Technology (JRCNMT). Extension of accreditation to the full seven-year term was contingent upon submission of a progress report satisfactorily addressing deficiencies in compliance with published accreditation standards.

The progress report submitted by the program satisfactorily addressed the current status of the program with respect to its compliance with Standard C2.5 in the *Accreditation Standards for Nuclear Medicine Technologist Education*. Accordingly, the JRCNMT accepted the report on November 2, 2018 and extended accreditation five additional years. The program's next review for continued accreditation will occur in 2024. Submission of a Mid-Cycle Report will occur in 2021.

Notification of this decision will be forwarded to the institution's accrediting agency. The information will also be made available to the public on the JRCNMT website.

The JRCNMT extends best wishes for continued success in the operation and on-going improvement of this educational program.

Sincerely,

Jan M. Winn, MEd, RT(N), CNMT
Executive Director

cc: Brian McLamb, BAS, RT(R), CNMT
Interim Program Director

Todd Smiley, MBA
Director of Imaging Services
