Paul Roth, MD, MS, FACEP
Chancellor for Health Sciences
MSC09 5300
1 University of New Mexico
Albuquerque, NM 87131

Dear Chancellor Roth:

On April 15, 2016, the nuclear medicine technology program at University of New Mexico received initial accreditation from the Joint Review Committee on Educational Programs in Nuclear Medicine Technology (JRCNMT) for a period of three years. Extension of initial accreditation to the full five-year term may occur after submission of a satisfactory mid-cycle report during the third year of initial accreditation.

The mid-cycle report submitted by the program in August satisfactorily addressed the current status of the program with respect to its compliance with the *Accreditation Standards for Nuclear Medicine Technologist Education*. Accordingly, the JRCNMT accepts the report and extends accreditation two additional years. The program's next review for continued accreditation will occur in 2021.

Notification of this decision will be forwarded to the institution's accrediting agency. The information will also be made available to the public through the JRCNMT website and publications.

The JRCNMT extends best wishes for continued success in the operation and further development of this program.

Sincerely,

Jan M. Winn, M.Ed., RT(N), CNMT
Executive Director

cc: Lynnette Trujillo, MS, RT(N), CNMT
Program Director

Rebecca Blankley, MFA, RT(R)(M)(CT)(MR)
Director, Radiologic Sciences Program
