October 29, 2014

Eduardo J. Martí, PhD
Interim President
Bronx Community College
2155 University Avenue
Bronx, NY 10453

Dear Dr. Martí:

In 2013 the nuclear medicine technology program sponsored by Bronx Community College received continued accreditation for two years from the Joint Review Committee on Educational Programs in Nuclear Medicine Technology (JRCNMT). Extension of accreditation to the full seven-year term was contingent upon submission of a progress report satisfactorily addressing cited deficiencies in compliance with published accreditation standards.

Based on the information provided in the program's progress report, the JRCNMT voted on October 17, 2014 to extend accreditation five additional years. The next evaluation of the program for continued accreditation will occur in 2020. A mid-cycle report will be requested in fall 2016 and due in February 2017.

Notification of this decision will be forwarded to the institution's accrediting agency. The information will also be made available to the public on the JRCNMT website.

The JRCNMT extends best wishes for continued success in the operation and on-going improvement of this educational program.

Sincerely,

Jan M. Winn, M.Ed., RT(N), CNMT
Executive Director
