October 27, 2016

Donna Imhoff, PhD  
President, Western Campus  
Cuyahoga Community College  
11000 Pleasant Valley Rd  
Parma, OH 44130

Dear Dr. Imhoff:

In 2013 the nuclear medicine technology program at Cuyahoga Community College received continued accreditation for one year from the Joint Review Committee on Educational Programs in Nuclear Medicine Technology (JRCNMT). Accreditation was extended two additional years in 2014. Extension of accreditation to the full term of seven years was contingent upon submission of a progress report and mid-cycle report satisfactorily addressing deficiencies in compliance with published accreditation standards.

Based on the information provided in the program's progress report, the JRCNMT voted on October 21, 2016 to extend accreditation an additional four (4) years. The next evaluation of the program for continued accreditation will occur in 2020.

Notification of this decision will be forwarded to the institution's accrediting agency. The information will also be made available to the public on the JRCNMT website.

The JRCNMT extends best wishes for continued success in the operation and on-going improvement of this educational program.

Sincerely,

Jan M. Winn, MEd, RT(N), CNMT  
Executive Director

cc: Rebecca Greenfield, MA, RT(N), CNMT  
Program Director

Daniel McDermott, MS, PA-C  
Associate Dean of Health Careers
