April 27, 2021

Quinton Bullock, DDS
President
Community College of Allegheny County
800 Allegheny Ave / Byers Hall, Ste 109
Pittsburgh, PA 15212

Dear Dr. Bullock:

In November 2020, the nuclear medicine technology program sponsored by Community College of Allegheny County received accreditation with conditions from the Joint Review Committee on Educational Programs in Nuclear Medicine Technology (JRCNMT) after its comprehensive review. Receipt of continued accreditation was contingent upon submission of a progress report satisfactorily addressing deficiencies in compliance with two published accreditation standards that were noted during the original review process.

The progress reports submitted by the program earlier this year satisfactorily addressed the current status of the program with respect to its compliance with the following standards in the current *Accreditation Standards for Nuclear Medicine Technologist Education*:

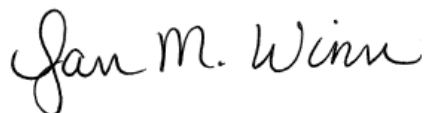

- D3.2 – certification exam pass rate, and
- E1.1 – accuracy of published program information.

Accordingly, the JRCNMT accepted the progress report on April 17, 2021 and approved continued accreditation for six (6) years. The program's next review for continued accreditation will occur in 2027. A mid-cycle report will be requested in 2024.

Notification of this decision will be forwarded to the institution's accrediting agency and the information will be made available to the public on the JRCNMT website.

The JRCNMT extends best wishes for continued success in the operation and on-going improvement of this educational program.

Sincerely,

Jan M. Winn, MEd, RT(N), CNMT
Executive Director

cc: Lori Duke, MBA, RT(N), CNMT
Program Director

Tomi Waters, EdD
Interim Dean of Academic Affairs
