April 20, 2016

Russell Lowery-Hart, PhD
President
Amarillo College
PO Box 447
Amarillo, TX 79178

Dear Dr. Lowery-Hart:

In 2015 the nuclear medicine technology program sponsored by Amarillo College received continued accreditation for five years from the Joint Review Committee on Educational Programs in Nuclear Medicine Technology (JRCNMT). Extension of accreditation to the full seven-year term was contingent upon submission of a progress report satisfactorily addressing one deficiency in compliance with published accreditation standards.

Based on the information provided in the program's progress report, the JRCNMT voted on April 15, 2016 to accept the report and extend accreditation two additional years. The next evaluation of the program for continued accreditation will occur in 2022. A mid-cycle report will be requested in fall 2018 that is due February 1, 2019.

Notification of this decision will be forwarded to the institution's accrediting agency. The information will also be made available to the public on the JRCNMT website.

The JRCNMT extends best wishes for continued success in the operation and on-going improvement of this educational program.

Sincerely,

Jan M. Winn, MEd, RT(N), CNMT
Executive Director
