November 10, 2015

Sheldon Retchin, MD, PhD
Senior Vice-President for Health Sciences
Virginia Commonwealth University
PO Box 980549
Richmond, VA 23298

Dear Dr. Retchin:

In 2014 the nuclear medicine technology program sponsored by Virginia Commonwealth University received continued accreditation for five years from the Joint Review Committee on Educational Programs in Nuclear Medicine Technology (JRCNMT). Extension of accreditation to the full term was contingent upon submission of a progress report satisfactorily addressing deficiencies in compliance with published accreditation standards.

Based on the information provided in the program's progress report, the JRCNMT voted on November 6, 2015 to extend accreditation two additional years. The next evaluation of the program for continued accreditation will occur in 2021. A mid-cycle report will be requested in fall 2018 that is due by February 1, 2019.

Notification of this decision will be forwarded to the institution's accrediting agency. The information will also be made available to the public on the JRCNMT website.

The JRCNMT extends best wishes for continued success in the operation and on-going improvement of this educational program.

Sincerely,

Jan M. Winn, M.Ed., RT(N), CNMT
Executive Director

cc: Mark Crosthwaite, MEd, CNMT, Program Director
Shelley Mishoe, PhD, Dean of Health Sciences
Hung Q. Dam, MD, JRCNMT Chairman
