

Notice of Accreditation Actions

Fall 2021

Accrediting agencies recognized by the Council for Higher Education Accreditation are required to notify the public of accreditation decisions and the basis for such decisions. The Joint Review Committee on Educational Programs in Nuclear Medicine Technology (JRCNMT) meets this requirement by publishing a notice of accreditation actions on its website within 30 business days after each board meeting. Greater detail on accreditation actions is located in the specific program's accreditation letter, which is posted in the [directory of accredited programs](#) on the JRCNMT website. The nuclear medicine technology community, regional and specialized accrediting agencies, and state agencies responsible for postsecondary education and radiation oversight are notified when a new notice of action is published.

At its meeting on October 22 -23, 2021 the JRCNMT took the following actions regarding the nuclear medicine technology programs sponsored by the institutions listed below. Specific standards listed in this report can be reviewed in the [JRCNMT Accreditation Standards for Nuclear Medicine Technologist Education](#).

Accreditation Continued – Programs in this category completed a self-study and on-site evaluation in 2021 and were found to be in compliance with all JRCNMT standards. The term for continued accreditation runs through December 31, 2028 (seven years). A Mid-Cycle report is due in 2025.
