

Notice of Accreditation Actions

Spring 2019

Accrediting agencies recognized by the Council for Higher Education Accreditation are required to notify the public of accreditation decisions and the basis for such decisions. The Joint Review Committee on Educational Programs in Nuclear Medicine Technology (JRCNMT) meets this requirement by publishing a notice of accreditation actions on its website within 30 business days after each board meeting. Beginning in June 2019 the JRCNMT will also post program's accreditation letters in the online directory of accredited programs. The nuclear medicine technology community, regional and specialized accrediting agencies, and state agencies responsible for postsecondary education and radiation oversight are notified when a new notice of action is published.

At its meeting on April 26 - 27, 2019 the JRCNMT took the following actions regarding the nuclear medicine technology programs sponsored by the institutions listed below. Specific standards listed in this report can be reviewed in the [JRCNMT Accreditation Standards for Nuclear Medicine Technologist Education](#).
