

## Form G: Professional Didactic Curriculum

### Standard C4

Complete this form using lecture and laboratory courses. **Clinical education hours should not be included on this form.** Also note that clock hours, not credit hours, are requested in the columns.

If a content area is taught across multiple courses please list each course in the space provided. List only the specific number of clock hours in each course that are devoted to that particular content area.

	Courses containing this content (list by course prefix & number)	Total Lecture Clock Hours	Total Laboratory Clock Hours	TOTAL CLOCK HOURS
