

### CL-C.2: Affiliate Staff – Diagnostic CT

Standards B3, B4.2b & C6

To complete the table:

- List **only** CT staff who work in the clinical area(s) where nuclear medicine students are assigned.
- List **only** the CT staff who work the shift(s) when nuclear medicine students are on-site.
- List the **Affiliate Education Supervisor (AES)** first, followed by all other technical personnel involved in the clinical instruction of the students.
- Evidence of board certification for everyone on this page is **not** required.

Name	% Time in CT	Primary Function in Diagnostic CT	Certification	
			Credential(s)	Year(s) Earned

If nuclear medicine students are assigned to multiple areas on the hospital campus for CT rotations, list the areas below and identify how many CT technologists listed above are assigned to each area during the time when the students are present.
