November 9, 2018

Mark Brainard, JD  
President  
Delaware Technical Community College  
100 Campus Dr  
Wilmington, DE 19904

Dear President Brainard:

The nuclear medicine technology program at Delaware Technical Community College Wilmington Campus is scheduled for self-study submission and on-site evaluation in 2020. The Joint Review Committee on Educational Programs in Nuclear Medicine Technology (JRCNMT) has more programs slated for review in 2020 than it can evaluate in one year so the decision was made to move some programs, with their approval, to a later year to achieve greater consistency in the number of programs undergoing reaccreditation annually.

The JRCNMT reviewed the accreditation history, length of service of the current program director, history of substantive changes, and the certification exam pass rate of each program scheduled for reaccreditation in 2020. Based on review of these criteria, the nuclear medicine technology program at DTCC was identified as a candidate for extension of accreditation. The program director was contacted in July to confirm the program's willingness to make this change.

On November 2, 2018, the JRCNMT voted to extend the program's accreditation two years. This moves the next review for continued accreditation from 2020 to 2022. Annual reports will continue to be required each summer and a special compliance report addressing the revised 2018 accreditation standards will be due in 2019.

Notification of this decision will be forwarded to the institution's accrediting agency. The information will also be made available to the public on the JRCNMT website. The JRCNMT extends best wishes for continued success in the operation and on-going improvement of this educational program.

Sincerely,

Jan M. Winn, MEd, RT(N), CNMT  
Executive Director

cc: S. Crystal Snow, MS, CNMT  
Program Director

Teri Foy, MEd, RT(R)  
Director, Allied Health Education

October 29, 2014

Kathy Janvier, PhD, RN  
Vice President & Campus Director  
Delaware Technical Community College  
333 N. Shipley Street  
Wilmington, DE 19801

Dear Dr. Janvier:

Based on its review of the self-study and the report of the on-site evaluators, the Joint Review Committee on Educational Programs in Nuclear Medicine Technology (JRCNMT) has awarded the nuclear medicine technology program sponsored by Delaware Technical Community College:

**Continued Accreditation - 6 Years**

The effective date of this award is October 17, 2014. The accreditation period is for six rather than the usual seven years since the self-study and site visit process was delayed one year due to a change in program director. The JRCNMT plans to schedule the next on-site evaluation in 2020. A mid-cycle report will be requested in fall 2016 and due in February 2017.

This award is made on the condition that the number of students enrolled in the clinical phase of the program shall not exceed 9. The following institutions are recognized as affiliates:

<b>Affiliate</b>	<b>Location</b>	<b>Approved Capacity for this Program</b>
BayHealth Kent General Hospital	Dover, DE	1
CCHS Wilmington Hospital	Wilmington, DE	1
Christiana Hospital	Newark, DE	5
Nemours/Alfred I. duPont Hospital for Children	Wilmington, DE	1
St. Francis Hospital	Wilmington, DE	arr @ 1
Wilmington VA Medical Center	Wilmington, DE	1
	<b>Total program capacity</b>	<b>9</b>

Notification of this decision will be forwarded to the institution's regional accrediting agency and will also be made available to the public through the JRCNMT website and its publications.

The JRCNMT extends best wishes to you and your colleagues for continued success of this program.

Sincerely,

A handwritten signature in cursive script that reads "Jan M. Winn".

Jan M. Winn, M.Ed., RT(N), CNMT  
Executive Director
