April 29, 2020

Neville G. Pinto, PhD
President
University of Cincinnati
2600 Clifton Ave
Cincinnati, OH 45221

Dear Dr. Pinto:

In 2019 the nuclear medicine technology program sponsored by the University of Cincinnati was placed on accreditation with conditions by the Joint Review Committee on Educational Programs in Nuclear Medicine Technology (JRCNMT). Receipt of continued accreditation was contingent upon submission of a progress report satisfactorily addressing deficiencies in compliance with published accreditation standards.

The progress report submitted by the program satisfactorily addressed the current status of the program with respect to its compliance with Standards B5, D3.3 and E3.3 in the *Accreditation Standards for Nuclear Medicine Technologist Education*. Accordingly, the JRCNMT accepted the report on April 24, 2020 and voted to continue accreditation for six (6) years. The program's next review for continued accreditation will occur in 2026. A mid-cycle report will be requested in 2023.

Notification of this decision will be forwarded to the institution's accrediting agency. The information will also be made available to the public on the JRCNMT website.

The JRCNMT extends best wishes for continued success in the operation and on-going improvement of this educational program.

Sincerely,

Jan M. Winn, MEd, RT(N), CNMT
Executive Director
