April 29, 2020

John B Murphy, MD
Interim President
Rhode Island Hospital
593 Eddy St
Providence, RI 02903

Dear Dr. Murphy:

In 2019 the nuclear medicine technology program sponsored by Rhode Island Hospital was placed on accreditation with conditions by the Joint Review Committee on Educational Programs in Nuclear Medicine Technology (JRCNMT). Receipt of continued accreditation was contingent upon submission of a progress report satisfactorily addressing deficiencies in compliance with published accreditation standards.

The progress report submitted by the program satisfactorily addressed the current status of the program with respect to its compliance with Standard C1c in the *Accreditation Standards for Nuclear Medicine Technologist Education*. Accordingly, the JRCNMT accepted the report on April 24, 2020 and voted to continue accreditation for six (6) years. The program's next review for continued accreditation will occur in 2026. A mid-cycle report will be requested in 2023.

Notification of this decision will be forwarded to the institution's accrediting agency. The information will also be made available to the public on the JRCNMT website.

The JRCNMT extends best wishes for continued success in the operation and on-going improvement of this educational program.

Sincerely,

Jan M. Winn, MEd, RT(N), CNMT
Executive Director

cc: Lauren Shanbrun, MS, RT(N)(CT), CNMT
Nuclear Medicine Program Director

Ellen Alexandre, MBA, RT(R)
Administrator, School of Medical Imaging
