Marie Golanowski, MS, RN
President
Aurora St. Luke's Medical Center
2900 W Oklahoma Ave, PO Box 2901
Milwaukee, WI 53201

Dear President Golanowski:

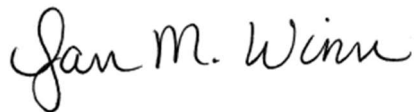

In 2018 the nuclear medicine technology program sponsored by Aurora St. Luke's Medical Center received continued accreditation for two years from the Joint Review Committee on Educational Programs in Nuclear Medicine Technology (JRCNMT). Extension of accreditation to the full seven-year term was contingent upon submission of a progress report satisfactorily addressing deficiencies in compliance with published accreditation standards.

The progress report submitted by the program this year satisfactorily addressed the current status of the program with respect to its compliance with Standards C1c and E3.3 in the *Accreditation Standards for Nuclear Medicine Technologist Education (2018 ed)*. Accordingly, the JRCNMT accepted the report on April 26, 2019 and extended accreditation five additional years. The program's next review for continued accreditation will occur in 2025. A mid-cycle report will be due in 2022.

Notification of this decision will be forwarded to the institution's accrediting agency. The information will also be made available to the public on the JRCNMT website.

The JRCNMT extends best wishes for continued success in the operation and on-going improvement of this educational program.

Sincerely,

Jan M. Winn, MEd, RT(N), CNMT
Executive Director
