Dear Dr. Lowery-Hart:

Earlier this year, the nuclear medicine technology program at Amarillo College completed the self-study and site visit process for continued accreditation by the Joint Review Committee on Educational Programs in Nuclear Medicine Technology (JRCNMT). Last week, JRCNMT Directors reviewed the evaluation of the program’s self-study and the Letter of Site Visit Findings and determined that the program is in compliance with the *Accreditation Standards for Nuclear Medicine Technologist Education*. Accordingly, the JRCNMT voted to continue the program’s accreditation for seven years, the maximum period possible.

A mid-cycle report will be requested in 2026 and the program’s next review for continued accreditation is scheduled to occur in 2029.

This accreditation decision is based on the condition that there shall be no more than 12 students in the clinical phase of the program at any time. The total capacity and individual affiliate capacities noted below were determined utilizing the clinical affiliate data provided in the program’s self-study. The following institutions are recognized as affiliates of this program:

<b>Affiliate</b>	<b>Location</b>	<b>Approved Capacity</b>
Amarillo Heart Group	Amarillo, TX	2
Baptist St. Anthony Hospital	Amarillo, TX	4 / arr @ 1
Cardiology Center of Amarillo	Amarillo, TX	2
Covenant Health Plainview	Plainview, TX	arr @ 1
Covenant Medical Center	Lubbock, TX	2
Northwest Texas Healthcare	Amarillo, TX	1
Panhandle Nuclear Rx, Inc	Amarillo, TX	arr @ 1
Texas Oncology – Amarillo Cancer Center	Amarillo, TX	arr @ 1
Thomas Creek VA Medical Center	Amarillo, TX	arr @ 1
University Medical Center	Lubbock, TX	1
<b>Total program capacity</b>		<b>12</b>

Notification of this decision will be forwarded to the institution's accrediting agency and will also be made available to the public through the JRCNMT website and its publications.

The JRCNMT extends best wishes for continued success and ongoing improvement of this program.

Sincerely,
