Dear Dr. Diaz:

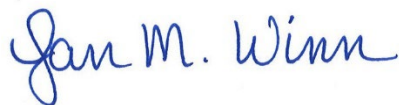

In 2023, the Joint Review Committee on Educational Programs in Nuclear Medicine Technology (JRCNMT) placed the nuclear medicine technology program sponsored by GateWay Community College on “Accreditation with Conditions”. Removal of conditions and continued accreditation was contingent upon submission of a Progress Report satisfactorily addressing noted deficiencies in compliance with specific accreditation standards in the *Accreditation Standards for Nuclear Medicine Technologist Education*.

The program’s Progress Report satisfactorily demonstrated the implementation of changes that bring the program into compliance with Standards C1c and D2.3. On April 26, 2024, the JRCNMT accepted the report, removed the conditional accreditation status and continued accreditation for six (6) years. The program must submit a Mid-Cycle Report in 2027 and its next review for continued accreditation will occur in 2030.

Notification of this decision will be forwarded to the institution’s accrediting agency. The information will also be made available to the public on the JRCNMT website.

The JRCNMT extends best wishes for continued success in the operation and on-going improvement of this educational program.

Sincerely,

Jan M. Winn, MEd, RT(N), CNMT  
Executive Director

cc: Julie Bolin, MS, CNMT  
Program Director
